THE BILL PASSED

Lodge Philippine Measure Goes Through the Senate Yesterday.

All Amendments Were Rejected by the Majority—The Vote was 48 to 30.

CANAL BILL TAKEN UP TODAY

Washington, June 4.—Shortly after 5 o'clock yesterday afternoon the senate passed the Lodge Philippine government bill by a vote of 48 to 30. Three Republicans, Messrs. Hearst of Massachusetts, Mason of Illinois and Wellington of Maryland voted against the measure, and one Democrat, Mr. McLaurin of South Carolina, voted for it. All amendments offered by the minority were rejected.

The debate on the measure has been in progress seven weeks and two days. Just at the close of the discussion yesterday a sharp exchange occurred between Mr. Deitch of Nebraska and Mr. Patterson of Colorado. In the course of which the former reflected caustically upon the Colorado senator. He was called to order, his remarks were read and he was declared to have been out of order in uttering them. He withdrew his statement, thus ending the controversy.

After the passage of the Philippine bill the Nicaragua canal bill was taken up. The unfinished business and its consideration will begin today.

Mr. Quay of Pennsylvania, when the Philippine bill was brought up yesterday, offered an amendment providing that the duty on imports to the United States from the Philippines—products of the islands—shall be 50 per cent of the rate of duty charged on similar imports from other countries. The amendment was rejected, 19 to 56.

Amendments of the minority offered by Messrs. Patterson, Teller, Carmack, McLaurin of Mississippi and Onizbena in line with the arguments that they have made were all voted down.

The vote then was taken on the minority substitute, and it was rejected by a party vote, save Mr. Hoar and Mr. Wellington voted aye and Mr. Morgan and McLaurin of South Carolina voted no. The bill then was passed, 48 to 30.

The bill approves the action of the president in the creating of the Philippine commission and the offices of civil governor and vice governor of the islands, and authorizes the governor and vice governor to exercise the powers of government as directed by executive order. Future appointments of the governor or vice governor shall be made by the president, with the advice and consent of the senate. The bill of rights of the United States constitution are applied to the Philippine islands, with the exception of the right to bear arms and the right to a trial by jury.

The supreme court and other courts of the islands shall exercise jurisdiction as heretofore provided by the Philippine commission, and the justices of the supreme court shall be appointed by the president and the senate, the others by the civil government and the commission.

The action of the president of the United States in levying and collecting taxes is approved. All the inhabitants of the Philippines are deemed to be citizens of the Philippines islands and entitled to the protection of the United States.

LED TO THE ALTAR

Marriage This Morning of Miss Mira Gould and Mr. Buck.

Bishop Dudley Performed the Ceremony at Grace Church—Merrill-Kelley Wedding in Brooklyn.

THE BRIDES POPULAR IN PADUCAH

An exceedingly pretty wedding was that of Miss Mira B. Gould and Mr. Leffert Lefferts Buck of New York city, this morning at 10 o'clock at Grace Episcopal church. The ceremony was witnessed by a large and representative crowd and the artistic summer costumes and many beautiful women added to the attractiveness of the scene. There was no attempt at any elaborate church decorations, in fact a charming simplicity characterized the occasion. The altar was banked with Asparagus lilies and feathery asparagus, and made a most effective background.

The bride looked very lovely in a charming gown of white silk covered with chiffon and an over dress of lace, and carried bride roses. She entered with her brother, Mr. William T. Gould of Brooklyn, N. Y., and was preceded by the ushers, Mr. George Langstaff, Mr. T. J. Plummer, Mr. J. D. McQuot, and Mr. William Bradshaw, Jr., and the attendants, who were her two nephews, Master Ellridge Palmer of the city, and Master William Gould, Jr., of Brooklyn, N. Y., and little Miss Mary Terry Barnett of Paducah, who carried the wedding prayer book. At the altar they were met by the groom and his best man, Mr. Muscoe Burnett of the city. The ceremony was impressively said by Bishop T. U. Dudley of Louisville. Miss Jessie Naam presided very delightfully at the organ.

As the bridal party left the church the small pages carried broad white ribbons down the center aisles, from the reserved seats to the door, which were held until the entire wedding party including the family and guests invited to the house had passed out. This feature was a very pretty and graceful one. The little maid of honor, who looked very charming in a white dress with pink ribbons, carried the bride's bouquet as they left the church. An informal reception followed the ceremony, at the beautiful Gould home which was artistically decorated for the occasion. Delightful refreshments of individual loaves and cake were served, and a number of friends and relatives were present.

Mr. and Mrs. Buck left at noon for the east, and will spend the summer in an historic old colonial mansion on the Hudson.

The marriage of Miss Nell Murrin, niece of Colonel John J. Dorian of the city to Mr. John Kelley of New York took place this morning at the church of the Sacred Heart, Brooklyn, N. Y., the bride's home, at 10 o'clock, and after a reception at the home of the bride's mother, the couple left for the Catskills on a bridal tour. Miss Murrin has made her home in Brooklyn for the past two years, and is a young lady of many attractions, and was one of the most popular in Paducah during her several years' residence here. Mr. Kelley is a promising young business man of New York, and the couple will reside in the latter place.

Miss Pearl Lancaster of Cairo and George B. Osgood of Chicago were married at Cairo last night, and the wedding was very elaborate. The ceremony was performed at the Presbyterian church. The bride is a rising belle of Cairo, is quite a fine singer and is well known in Paducah. The groom is a lumberman in Chicago.

THE STRIKE TROUBLE

Six Negroes, Two Perhaps Fatally Hurt at Chicago.

Hon. Michael Herbert Succeeds Lord Pauncefote at Washington as English Ambassador.

OTHER FLASHES FROM THE WIRE

MORE STRIKE TROUBLE IN CHICAGO.

Chicago, June 4.—The disturbances attendant upon the packing house teamsters strike broke out afresh early today when a wagon belonging to former Alderman Dandeleon, driven by non union men, tried to land a load of hams and bacon at the station of the Chicago and Northwestern railroad. A crowd of toughs and sympathizers set upon the driver and overturning his wagon, stole the meat.

Then a pitched battle occurred between a crowd of negroes imported from St. Louis to take the places of the striking teamsters and toughs and striking teamsters at Forty fifth street and Centre avenue to which six negroes were badly hurt, two perhaps mortally.

DIPLOMATIC CHANGES.

Washington, June 4.—Two important changes were announced in diplomatic representation circles at Washington today. Hon. Michael Herbert succeeds Lord Pauncefote as British ambassador, and Senator De Ojeda succeeds the Duke of Arcos as Spanish minister.

INDIANA DEMOCRATS.

Indianapolis, Ind., June 4.—The Bryan and the anti Bryan forces will lock horns in the Democratic state convention here today, and the saying is, Bryan will get it where Katie wore the beads. The Hoosier Democrats have had enough of the defeat and disaster that trails around after the Bryan banner, and Mr. Bryan is sure to be knocked out.

AGAINST PACKING COMPANIES.

St. Louis, June 4.—The supreme court of Jefferson City today announced that it had overruled the motion of the packing companies to quash the information filed against them by the attorney general.

NO APPEAL PROBABLE.

THE JUDGMENT AGAINST THE CITY WILL LIKELY BE PAID.

It is probable that the judgment against the City of Paducah in favor of William Patterson for about \$8,000 on the brick street contract will be paid by the city without further contest. This has not yet been definitely decided, but it is understood that the mayor and several members of the general council have met and decided that this is the most advisable thing to do. One member stated that the longer the case was fought the larger would be the attorney's fees against the city, and that they saw no prospect of beating it in the courts.

FIRST COURT MONDAY.

Mr. John Barnett, the newly elected justice of the peace in the fourth district will hold his first court Monday. It will be convened in U. S. Commissioner Gardner's office on North Fourth street.

DEEDS.

A. H. Rapp and others deed to George M. Alexander, for \$900, property on Fourth street.

Miss Effie Rappolee, of Rappolee's Landing, is a guest of Mrs. James P. De Long.

CHIEF CLERK DEAD

Sudden Demise This Morning of Mr. Louis I. Baumgardner.

He Had Been Ill Only a Few Days—Chief Clerk in the Master Mechanics Office.

BEEN WITH THE ROAD TWELVE YEARS

A sudden death was that this morning of Chief Clerk Louis Baumgardner, of the master mechanic's office of the Illinois Central, at the Illinois Central hospital at 5 o'clock from peritonitis, after a brief illness.

Mr. Baumgardner left the office Friday, slightly ill, but his illness was not thought to be serious until last night, when he rapidly grew worse, and expired about 5 o'clock this morning. His death came as a great shock to his friends and acquaintances.

The deceased was one of the most popular of the railroad employees. He succeeded Mr. Charles G. Morris as chief clerk August 4 last, and came here from Clinton, Ill., having served as chief clerk to Master Mechanic Hanneman at that place. He resided at Twelfth and Monroe streets.

He had been with the Illinois Central for the past twelve years, and was one of its most industrious and valued employees.

His parents reside at Cherokee, Iowa, and were this morning notified of their son's sudden death.

Mr. Baumgardner leaves a wife and little daughter to mourn his loss, and his sad demise is generally regretted by the other employees of the road. It has not yet been decided what will be done with the remains.

INTERESTING SERVICE

AT CUMBERLAND PRESBYTERIAN CHURCH THIS EVENING.

Rev. J. C. Reid of the Cumberland Presbyterian church is conducting a series of Bible studies on the life of the Apostle Paul, followed by a twenty-minute lecture on the subject, at his prayer meeting services. The subject for this evening is "The First Six Years of Active Ministry." All members and friends are urged to attend and bring their Bibles. These studies are proving very entertaining and helpful, and should attract many.

RETURNS TO MARSHALL

MR. RUFUS STORY TO GO INTO THE POULTRY BUSINESS.

Mr. Rufus Story, of Norton street near Fifth, has sold his home and leaves in a few days for Little Cypress, Marshall county, to go into the poultry business. He has resided in Paducah for many years, and has been employed by Heikopf and Co. Little Cypress was his former home, and he is expected to do well there. His many friends in Paducah will regret to learn of his contemplated departure.

WAS ROBBED.

BISHOP DUDLEY RELIEVED OF \$76 NEAR YORK, PA.

Bishop T. U. Dudley of Louisville, who officiated at the Gould-Buck wedding today, was robbed of \$76 on a train a day or two ago while at Gettysburg, Pa., with the Central Pennsylvania Diocese of the Episcopal church. Bishop Talbot was robbed of a \$700 check.

Whitesides Failed to Make His Speech on "Boodlesism."

The Authorities are Making it Hot for Him—Trials in the Police Court.

JUDGE SANDERS HAD A LONG SESSION

Jack Whitesides, the former saloon man who promised to make it hot for everybody in Paducah, failed to make his appearance at Ninth and Broadway last night to speak of "boodlesism" in Paducah. He had promised to address the public and hand out a hot article, but he was non est when the time came.

He was on hand in the police court this morning, however, when four cases against him for selling whiskey without a license and one for immorality, were called. The evidence was partially heard, and the cases left open until tomorrow. He cannot be convicted on the present charge unless more evidence is secured. The only evidence against him in the liquor cases is that of a young man named Quinn, who worked for him, and says that Whitesides owed him money and paid him in whiskey, after he had been refused a license by the council. The question for the court to decide is whether it would be considered selling liquor, in law.

In the immorality case there is the testimony of one man and the testimony to the contrary of Whitesides and the women. The cases will be finished tomorrow.

H. H. Jones is the name of a carpenter charged with drawing a knife on his wife and running her out of the house. He was fined \$20 and costs and put under a \$300 bond to keep the peace.

John Hamell was arrested last night by Lieutenant Moore for carrying concealed a deadly weapon and was fined \$25 and given ten days in jail. A disorderly conduct case against him was dismissed.

Carrie Tandy was fined \$5 and costs for using insulting language.

Albert Smith was fined \$1 and costs for a drunk and John McCallister \$1 and costs for being drunk and disorderly.

The cases against Rufus Cross and Clarence Orice, colored boys, for stealing some tools was again left open. Cross will doubtless be held to answer.

Tobe Dennis, for being drunk and disorderly, was fined \$3 and costs.

Mack McClure, colored, charged with beating up his daughter, was acquitted but recognized in the sum of \$200 for his good behavior. It seems he chastised her for running away from home.

Miss Lucy Scott, who has been attending school at Bellhaven college in Jackson, Miss., returned home today at noon.

NEW SCHOOL TRUSTEE

Mr. E. W. Bockmon Elected to Succeed Mr. R. G. Terrell Last Night

The One Session Plan Was Ordered Discontinued by the Board—Good School Attendance.

WHAT THE SCHOOL BOARD DID

The school board held its regular meeting last night.

Superintendent C. B. Hatfield presented his monthly report showing an increase in attendance of 82 white pupils and decrease of 19 colored pupils over last month. The increase of tuition pupils has been great and this year the schools have over four times as many paid pupils as they had last year. The attendance during the past month was reported not damaged by the carnival confusion. Superintendent Hatfield also said that from correct figures he drew a very good comparison between the Covington and Paducah schools and the amount of money expended in the running expenses, salaries, etc.

Paducah with only two-thirds the attendance of Covington, expends for running expenses only one-third the money used in Covington. This all goes against the council's idea that too much is being spent by the schools. The work of the building committee was also complimented and commended. The one session idea which has been in effect for the past two weeks was reported successful and Superintendent Hatfield recommended that it be again tried the first six weeks of the opening of the next term. In speaking of vaccination he stated that on account of the vaccination law all pupils will have to be vaccinated before they enter school next season and all who have not undergone the operation should go to a physician and have the work performed now so that they can enter the school at the opening term without any confusion.

The treasurer's report showing \$10,490.07 on hand May 1, disbursements \$3,225.13, and balance on hand \$5,264.94, was received and filed.

Chairman Weille of the building committee reported all the improvements progressing and Chairman Gleaves of the examination committee stated that the committee had fixed the two days following the commencement exercises for the examination of teachers and the examinations will begin at 9 o'clock each morning.

It was moved that the one session idea be continued until the close of the term but after a lengthy discussion the motion was lost, Messrs. Lally and Weille being the only members voting for it.

Chairman Mammen, of the sanitary committee, reported that the blank forms to be used in the physical examination of all applicants for teachers' certificates, in accordance with the rule adopted last year, were ready and moved that an investigation be made to ascertain if the city physician was the proper man to examine the applicants. The report and motion were adopted.

Secretary Sutherland of the committee appointed to draft resolutions of regret to the resignation of Mr. R. G. Terrell, reported the resolutions ready. They were read and ordered spread on the minutes of the proceedings.

Chairman Weille of the building committee reported on his visit to St. Louis and in his report recommended that the fan system for both heating and furnishing cold air in the summer be adopted and that no more buildings smaller than eighteen rooms be built.

MORE SAFE BLOWING

Two Stores in Southern Ill. Burglarized Yesterday Morning.

A Safe Blown in Samoth, but the Burglars Were Promptly Frightened Away.

ORGANIZED GANG EVIDENTLY AT WORK

There seems to be an organized gang of safe blowers and burglars in Southern Illinois and Southwestern Kentucky, and two more raids were made yesterday morning early, one at Samoth and the other at New Columbia, Ill., a few miles across the river.

The thieves broke into the store of Nutty and Brown, who own establishments at both places, which are not far apart, and in the one at Samoth blew one door of the safe, but were frightened away before they could reach the money inside the other door.

They seem to have secured a quantity of goods, but how much could not be learned, as the proprietors did not know.

Marshal Crow received a telephone message yesterday morning early from Mr. Nutty asking for hoodlums, but as there are none here he was disappointed. At the New Columbia store nothing except goods was taken.

It is believed that this is the same gang that blew a safe at Red Butte, a few miles from Metropolis, a few days ago and shot at the proprietor when he heard the explosion and went out to investigate.

It is also believed that they are the same ones who crossed the river and blew the safe at Lola, Livingston county, and secured about \$1,200.

The police here are on the lookout for all suspicious characters, but do not think that the safe blowers will come this way, their game seeming to be to work only the small places.

TO TAKE THE STUMP.

WHITESIDES IS TO MAKE A PUBLIC ADDRESS TOMORROW.

Jack Whitesides, the man who has made several unsuccessful efforts to secure a saloon license in Paducah, has announced that he will make a public address tomorrow evening at Ninth and Broadway, on the public library site. He says he will pay his respects to the municipal government of Paducah in his first evangelistic work.

COMMISSION HERE

POSTMASTER FISHER GAINS THREE MONTHS' SALARY BY THE DELAY.

Postmaster F. M. Fisher has received from Washington his commission as postmaster at Paducah for the next four years. It dates from May 15, giving him three months longer to serve than if the appointment had not been held up in the senate committee last February.

COMMENCEMENT

WEEK AT SOULE

Marionboro, Tenn., June 2.—The commencement week exercises at Soule college were ushered in today with the annual sermon, which was delivered by Rev. A. P. McFerrin of Columbia, Tenn. The graduation exercises take place Wednesday, when the baccalaureate address will be delivered by Rev. Alonzo Monk, D. D., of Atlanta.

IT WAS NOT ALLISON, EITHER

Mr. Ab H. Allison is in the city and says that his brother, Tom Allison, whom Coroner Peal thought was drowned off the Clyde Tuesday night is on that boat, as he carried him there himself. The name of the unfortunate will remain unknown until the remains are found in the river.

The difference between promising to do a thing and doing it is the difference between a New Year's resolution and Jan. 3.

TINKER CAUGHT

One of the Folsomdale Burglars Safe Behind Bars.

Tom Tinker Confessed and a Part of the Goods Recovered—Another at Large

Constable Peary of Boaz station Saturday night arrested Tom Tinker, white, for breaking into the Garton and Sellers stores at Folsomdale Friday night.

Tinker has acknowledged to having been one of the housebreakers, and says that Will Roberts, white, still at large, is his accomplice. Tinker has served two terms in the penitentiary, one from Hickman and the other from Graves county, for stealing bicycles. He seems to have a mania for stealing wheels, and when arrested had a new one which he claims he bought. He lives near Hickory, and has been out of the penitentiary several months. An investigation of the robbery led to the opening of several packages of goods left at the Boaz station by Tinker, and the contents proved to be some of the goods stolen.

Tinker was taken to Mayfield and lodged in the jail there. Marshal McNutt was called in to interview him, and found him to be Tinker although he had given a fictitious name when arrested. Marshal McNutt was in the city yesterday and last night looking for Roberts, but was unsuccessful in catching him. Tinker had been in Paducah all day Saturday.

T. P. A. AT PORTLAND.

DELEGATES FROM ALL OVER THE UNITED STATES ARE THERE.

Portland, Ore., June 2.—Nearly every state and territory of the Union is represented in today's arrivals for the national convention of the Travelers' Protective association. Every train brought its full quota of delegates and the national officers and local committees were kept busy attending to their reception. As fast as they arrived they were escorted to headquarters at the Portland hotel, where they were registered and assigned to quarters. Many of the delegates are accompanied by their wives, and it is estimated that the visitors will number several thousand when the convention is called to order tomorrow. For their entertainment elaborate arrangements have been made. The program includes concerts, receptions, carriage rides and slide trips to Willamette Falls, the Columbia river salmon canneries and other places of interest.

YESTERDAY'S EXCURSIONS.

There was a small crowd to Golconda on the Dick Fowler yesterday but the excursion was a success. The best of order was maintained and the crowd was one of the best ever taken out of Paducah.

There was a large crowd on the Bettie Oweo yesterday to Owen's Cave. The excursion was run by the Central Labor union and the union cleared a neat little sum.

THE SAME WAGES.

Ansonia, Conn., June 2.—Twenty-five hundred men are benefited by the reduced working schedule which went into effect today at the American Brass company and the Farrell Foundry and Machine company. The reduction, which is voluntary on the part of the companies, amounts to five hours a week without any decrease in wages.

SHRINERS' SPECIAL.

Pittsburg, Pa., June 2.—One of the finest and best equipped trains that ever left Pittsburg pulled out of the Pittsburg and Lake Erie station this afternoon, carrying members and their wives of Syrian Temple, en route to San Francisco to attend the national gathering of Mystic Shrine. En route to the coast the visitors will stop at Chicago, Omaha, Denver and other principal cities.

MOODY CONFESSED

Postal Clerk Running Between Paducah and Evansville in Jail.

Charged With Extracting \$104 From a Letter Mailed at Lola, Ky. May 9th.

HELD BY U. S. COMMISSIONER HERE

From Saturday's Daily.

Charles E. Moody, a postal clerk running on the steamer Joe Fowler between Paducah and Evansville, was yesterday arrested at his home in Shawneetown, Ill., by Postoffice Inspector Sherman C. Kille of Louisville, on a serious charge that will probably land him in the penitentiary.

Moody this morning was brought to the city and taken before U. S. Commissioner Arthur Gardner for a preliminary trial. He confessed to taking \$104 from a registered letter, and was held to answer. The letter was mailed at Lola, Ky., and addressed to the postmaster at Evansville. It was placed upon the boat at Carrsville, Ky., on May 9th, when young Moody is supposed to have torn it open and extracted the contents. He failed to give the \$1,000 bond, and is in jail here. There are similar charges against him in Illinois, and he will have to appear before the federal authorities there next, as he is charged with having opened three letters addressed to persons in that state, the total amount alleged to have been taken from the three letters being \$120, \$60 from one, \$40 from another and \$20 from the last. The penalty for the offense is from one to five years' imprisonment in the state penitentiary. Moody is apparently only eighteen or twenty years old. He does not seem to realize the gravity of his offense.

ABOUT TUBERCULOSIS.

AMERICAN CONFERENCE HELD AT MAJESTIC HOTEL, NEW YORK.

New York, June 2.—The conference of the American Congress of Tuberculosis, which was postponed from last month, began its sessions today at the Hotel Majestic. There were present to take part in the discussions eminent physicians and surgeons, health authorities and other interested persons from nearly every part of the United States and Canada. The sessions are to continue three days, during which time the subject of the dread disease, its prevention and treatment, will be discussed from every point of view. Particular attention is to be paid to recent discoveries of so-called cures for the disease and also to the subject of government aid in the establishment and maintenance of institutions for scientific treatment.

NEW DETROIT-BUFFALO LINE

Detroit, Mich., June 2.—After the lapse of 45 years the old Detroit and Buffalo route was re-established today, when the palatial new passenger steamer Eastern States of the recently organized Detroit and Buffalo Steamship Co. sailed from this city on its initial trip to Buffalo. The company has arranged a schedule of weekly sailings between the two cities, the boats being among the largest and finest on the great lakes.

SUPREME COURT ADJOURNS.

Washington, D. C. June 2.—At the conclusion of business today Chief Justice Fuller announced the adjournment of the United States supreme court for the term.

Monument for Levi Coffin.

A movement is on foot in Indianapolis to erect a monument to Levi Coffin, who in the stirring times immediately preceding the civil war was at the head of the Indiana organization connected with the "underground railroad," through the medium of which hundreds of negroes escaped from slavery to the north. Mr. Coffin died near Cincinnati in 1877. While living in Newport he aided in the escape of Eliza Harris of "Uncle Tom's Cabin" fame.

NAVAL WEDDING.

POPULAR NEW YORK GIRL WEDES A NAVAL CONSTRUCTOR.

New York, June 2.—Naval officers in brilliant uniform were conspicuous at the wedding of Miss Lillian W. Wing, daughter of the late Charles T. Wing, and Naval Constructor Lawrence York Spear, U.S.N. The ceremony was performed by Bishop Potter this afternoon at the home of the bride's mother in West Fifty-fifth street. The bride had her sister, Mrs. Mathias Nicoll, as her matron of honor, and the best man was Lieutenant William H. Buck, U.S.N., commander of President Roosevelt's yacht the Sylph. The ushers were Captain Sydney A. Cloman, U. S. A.; Lieutenant Merriweather L. Walker, U. S. A.; Mr. Francis Drake Potter and Mr. Elijah Woodward. The bridegroom was until lately in charge of the construction of government vessels at the Nixon ship yards, being succeeded this week by Lieutenant Richmond P. Hobson. Constructor Spear has resigned from the navy to become general manager of the Holland Submarine Construction company.

NOTHING EQUALS IT

MOST SUCCESSFUL FINANCIAL ENGAGEMENT IN NEW YORK'S HISTORY.

New York, May 31.—When the curtain falls at the Criterion Theatre tonight it will mark the close of what has been perhaps the most successful engagement financially in the theatrical history of New York. Since early last fall, when "On Parry" made her bow to a New York audience, the theatre has been crowded at every performance, while seats could be obtained only two months in advance, unless the purchaser was willing to pay the exorbitant prices asked by ticket speculators. Despite the fact that interest in the piece has not abated a whit, Mrs. Leslie Carter teared that acting in warm weather may injure her health, and consequently has decided to end the wonderful run tonight. Mrs. Carter will rest until September, reviving the drama at the Republic theatre, when David Belasco assumes the management of that house.

DISTILLING COMPANY.

ARTICLES OF INCORPORATION FILED THIS MORNING.

Articles of incorporation of the "Paducah Distillers Co." were this morning filed with the county clerk.

The capital stock is \$3,000, divided into thirty shares of \$100 per share. The incorporators are M. J. Friedman, president, who owns 24 shares; H. Friedman, secretary and treasurer, three shares; and Ben J. Levy, of Stone City, vice president, three shares.

The company was incorporated to engage in business of distilling and manufacturing whiskey and the buying, feeding and selling of cattle and hogs.

A great many people think that the position of magistrate is an insignificant one, but it is not. A prominent magistrate, in speaking of the importance of the office, said the other day:

"The office of magistrate is one of the most important offices in the county, although the public is rather inclined to look upon it just the reverse. As far as the financial returns of such an office are concerned it is an inferior one, paying little and in accordance with the case brought in for trial; but all the money in the county treasury is in the hands of the magistrates, and at their will they can place the county in a very embarrassing position. The handling of all the county funds lies with the board of magistrates, the fiscal court, and if the people should elect a board of unscrupulous magistrates, or one incapable of properly handling the business, they would soon be in a tight place and might go bankrupt. Since I have been on the finance committee of the board I have been enabled to see the whole thing and it is not an easy matter to handle the financial affairs of the county."

THE CHILD KILLED

Daughter of Rev. Snow, of Kirksey, Has Her Neck Broken.

Was Hanging on a Buggy When it Crushed Her Against a Tree Near the Road.

HER FATHER CANNOT BE LOCATED

From Saturday's Daily.

Ora, the 6-year-old daughter of Rev. C. L. Snow of Kirksey, Callaway county, Ky., was instantly killed last evening about 6 o'clock. The child and an older brother, who is 14, were playing with a buggy, and the little girl was hanging to the rear end of the vehicle, while the older brother was pushing it down a hill.

It seems that the buggy took a short cut, and leaving the road ran against a tree and caught the child between the rear end of the buggy and the tree and broke her neck, killing her instantly.

Rev. Snow, the child's father, is a noted Mormon evangelist, and is on his way to South Pittsburg, Tenn., and had not at last accounts been located by telegraph. He left home to be away until about October on the morning the child was killed, on a tour through North Carolina and other states.

SAILED FOR AFRICA.

A COMMISSION OF ENGINEERS SEEKING EXTENSION OF TRADE.

London, May 31.—By order of the colonial office a commission of engineers, experts in textiles, etc., sailed for South Africa today to investigate and report immediately on the requirements of that country under the new conditions and the prospects for the extension of British trade. The prompt action of the colonial office is believed to be the result of information recently received regarding the activity of American firms, chiefly engineering, electrical and mining concerns, who are preparing to dispatch heavy shipments to South Africa as soon as the cessation of hostilities is assured.

ANOTHER VERDICT.

R. KATZ CASE WENT AGAINST TRUSTEE JAS. A. RUDY AGAIN.

The case of Solomon Katz, of Nashville, against Mr. James A. Rudy, of Paducah, was decided again at Clinton Saturday in favor of the plaintiff, who was awarded a judgment for \$11,866.66.

The case has been an interesting one, and in event a new trial is refused will be taken to the court of appeals again. In 1899 Benjamin Katz of Clinton, filed a petition in bankruptcy at Paducah, and Mr. Rudy was elected trustee by the creditors. It was claimed that the bankrupt owned a stock of goods at Clinton and it was sold for about \$8,000 and the money retained for creditors, despite the protest of Solomon Katz, of Nashville, who claimed to own the stock. He brought suit and was awarded \$10,000, but the court of appeals reversed the case, and it was tried again last week.

Wheeler and Worten, of Paducah, represented the defendant and Judge Robertson, of Mayfield, the plaintiff.

Stoppage, depression, painful obstruction, irregularity of the menses and early flow are corrected and cured by the regular administration of this superior emmenagogue.

Menstruation, or periodic flow, necessitates a breaking down of cells lying on the mucous membrane and a reconstruction after every month, which is accomplished with marked congestion and loss of blood.

Such changes are very apt to produce chronic catarrh, leucorrhoea or white discharge, the result of these irritating discharges. Regular courses three times and restores to perfect health the patient who suffered the debilitating losses. Buy of druggists, \$1.00 per bottle.

the fireworks programs will these changes be most noticeable. The aquatic fireworks will be of unusual beauty and interest here, because of their rarity, nothing in that particular line of pyrotechnics ever having been exhibited in this city.

Those who think Paducah has an abundance of amusements already will perhaps be interested to know that arrangements were yesterday completed to bring an opera company here about July 1st for a several weeks' engagement. The project is not yet quite ripe, but the troupe is ready, and it will be placed neither at the park nor the Kentucky theatre, but at an entirely different place, giving us two stock companies and one opera to divert us during the summer evenings. If someone will just come along with a circus and a minstrel show and Buckskin Hill returns, our happiness ought to be complete.

The other day a resident of the county came to town, and among the things he saw that he had never seen before was a man who uses our trumpet. He didn't know what the thing was, but watching the man closely, he presently saw him unwind a tube from his neck and hand it to a friend he met, and then heard them talking together.

The young man finally turned to his companion, and pointing to the two men engaged in conversation, exclaimed "Looky that! that tinged of these town fellows ain't gettin' so blamed smart they carry their telephones around with 'em all the time!"

GIVEN TWELVE YEARS.

London, Ky., May 31.—The jury in the case of Ab Ealy, charged with the murder of Ed Jones, returned a verdict of guilty and fixed the punishment at twelve years in the penitentiary this morning. The murder occurred in September over a crap game.

When a man says he has forgotten all about that little loan you just returned he is a liar.

Observations ...at Random

One of the most peculiar things credited to the Creator is the doctor. Some of them want notoriety and some do not. Some will give a reporter nothing if he publishes the name of the attending physician, and some will give a reporter nothing unless he does. A few will give a reporter nothing under any circumstances. This is all due to the amount of "ethics" the doctor has absorbed. Some doctors will never give a reporter any information about anyone being ill. They claim that a sickly hurts a town. It makes no difference to them how much the people may care to know who is ill and how those who are ill are getting along. The town must be protected! One doctor, who is nothing if not original, proposed that those doctors who permit their names printed in connection with accidents also have them put in as attending physician when a patient dies. He declares that this will soon effectually stop the appearance of a doctor's name in the newspapers. There are a great many other peculiarities about doctors, but they are mighty nice people just the same, and most of them are on the reporter's daily calling list.

A well known Hebrew merchant likes to tell stories on people of his own race. He has a number of good ones, the last of which is that not long ago he had occasion to investigate the standing of a firm in another city, and wrote to his agent there to secure the information. In a few days he received a reply simply saying: "These people are Jews." "I supposed he meant I might accordingly be on the lookout, but I didn't propose to have the joke on me in that way," declared the Hebrew in telling it, "so I sat down and telegraphed, 'Are they insured? If they are it's all right.'"

Manager English tells a good joke on his partner, Charles Murray, of Murray and Mack. A year or two ago they sent a show out west, and it happened that the managers turned out to be grafters, and for about six weeks the owners could hear nothing of it. The managers had simply stolen show and all. The owners could see where it was playing to good business everywhere, but not a report of remittance could they ever get from their agents. Finally Mr. Murray went out himself and finally succeeded in striking one town where the show had just played. A number of bills were at once presented.

Before he could get away on a hot trail a rough looking customer who claimed to be the sheriff of the county approached him, and after ascertaining that his name was Murray, presented him with an order for "\$75 for a coffin."

Numerous other things had before been charged against him while he was in the show business, but this was the first time he had ever been presented with a bill for a coffin. He protested, and declared that he would never pay it; that he would die and go to hell first. His sense of humor finally overcame him, however, and he reluctantly asked what the coffin was for. He was told that one of the show women had died and the managers had her buried and the expenses charged to the owner of the show.

"Well," finally declared Mr. Murray, "I wouldn't mind paying \$600 for coffins for the whole damned show if I could get rid of it that cheap, but really, I hate to waste \$75 that way."

He paid the bill, however, and as a happy ending to the story soon overtook the show, but not the managers.

Habit H. G. Enelow, formerly of Temple Israel, Paducah, continues to attract attention at Louisville by his scholarly ability and unusual brilliancy. The Post of Saturday contained a fine picture of him, with the following notice:

"The Rev. Henry Enelow, pastor of the congregation of the Temple Adas Israel, is the youngest man who ever held such a position with the church, but in point of ability he ranks second to no minister in the Jewish church in this section of the country."

"Mr. Enelow was called to this city to act as assistant to Dr. Adolph Moses several years ago, and soon established a reputation as an eloquent and earnest speaker. All through Dr. Moses' last illness Mr. Enelow was in charge of the church, and by his efforts greatly assisted the congregation to bear the shock of losing a man of such unusual talents as Dr. Moses."

"Mr. Enelow has now had complete charge of the Temple Adas Israel for a year, and under his control it has steadily gained in strength, while the reputation of the pastor as a pulpit orator and an earnest and effective preacher has spread over the city. Mr. Enelow is everywhere considered as the most promising man in the modern Jewish church, and it is only a question of time before he occupies the position vacated by Dr. Moses as the ablest exponent of the views of modern Judaism."

Yesterday's Courier-Journal contained, among pictures of other teachers in the state, that of Prof. C. B. Hatfield of Paducah, superintendent of the public schools.

His New Job
CAPT. RICHMOND HOBSON ASSUMES HIS NEW DUTIES NEXT WEEK.

New York, May 31.—Captain Richmond P. Hobson, is here ready to begin his new duties as superintending constructor in the ship yard of Lewis Nixon, at Elizabethport. He will enter on his work next week, succeeding Lieut. Spear. He will superintend the construction of the four government vessels now building at the Nixon yards. These include one submarine boat, two torpedo boats, the cruiser Chattanooga and the monitor Florida.

STATE TEACHERS.
PREPARATIONS BEING MADE FOR THE MEETING AT LEXINGTON.

There will be many teachers of Paducah and the county to attend the state teachers' meeting in Lexington, June 24, 25 and 26. Many have spoken of taking the trip, but a complete list has not been made out. The railroads have made special arrangements to handle the crowd, and a special chair car will be added to the trains out of Fulton on the first day of the meet. Superintendent Hatfield of the local schools is on the program for a number.

MONSTER GUN.
New York, June 2.—Arrangements are being made at Ft. Hamilton for mounting the new 16-inch gun which has been in course of construction at the Watervliet arsenal for the past four years. The gun will be placed at the fort as soon as it has been officially tested at the Sandy Hook proving ground. The test is awaited eagerly by all the gunmakers of the world. It is claimed the gun will hurl a shell twenty-one miles. In order to discharge the gun it will require 1,000 pounds of powder and a 8,000-pound projectile. The weight of the gun is 150 tons.

FLOATER FOUND

It Was a Colored Man, Badly Decomposed and Unidentified.

He Had Evidently Been in the Water for About Six Weeks or Two Months.

Coroner Peal was called to Fuqua's Landing, three miles below Metropolis, on the Kentucky side, yesterday afternoon to hold an inquest over the remains of a man caught in the river by Mr. H. B. Kirpatrick.

The body was towed to shore on this side of the river, and Coroner Peal reached the scene about 3 o'clock. The remains were in a bad state of decomposition, and there was not a thing by which they could be identified. It was evident, however, that the man was colored, and had been in the water six weeks or two months. The clothing was so rotten and covered with mud that nothing could be told of its color or quality. A piece of tissue paper was fished from one pocket, but there was nothing on it.

The shoes were gaiters and appeared to be almost new.

The body was buried on the bank.

SUBSTITUTE OIL.

THREE MEMPHIS CONCERNS TO DISCARD COAL.

Memphis, Tenn., June 2.—Frank G. Jones, vice president of the Memphis Street Railway company and the Light and Power company, and director and acting president of the Equitable Gaslight company, has announced that Beammout oil would be substituted for coal in the generation of power for these three plants, if satisfactory rail rates could be arranged between here and Beammout. Mr. Jones held a conference with Vice President J. T. Harahan of the Illinois Central today, and this official promised to give the matter prompt attention. Greater cheapness is assigned as the cause of the proposed change.

ELOPED TO NASHVILLE.

YOUNG MAN FORMERLY OF PADUCAH MARRIED THERE SATURDAY.

Yesterday's dispatches state that Mr. Morton B. Gaines and Miss Frances Gates eloped from Bowling Green, Ky., to Nashville and were married. Dr. Gross Alexander, of the Methodist church, performed the ceremony at the Maxwell house.

The bride is nineteen years old and lives in Jackson, Tenn. She has been on a visit at Bowling Green to the mother of the groom, Mrs. John B. Gaines, formerly of Paducah, and who has a number of relatives here. The young groom is proprietor of the Bowling Green Daily News.

MUNICIPAL HIGH.

WAY ROBBERY.

The last council report shows that the recent city tax levy will raise on the assessment of Paducah \$165,434.55 taxes, which will be to maintain the city government from June 1, the time the preceding levy expired, to January 1, when another levy will have to be made under the second class charter. This means that the general council has made provision for raising \$165,000, in round numbers, to run the city for six months and pay off the municipal debts.

Some idea of how outrageous this is may be obtained from the fact that the last year of the Business Men's Council, when considerable money had to be paid for sewerage, and several thousand dollars was spent for street machinery, the total amount for running the city for the entire year, including the money spent for the above additional expenses, was only \$105,000.

This year, or the last six months of this year, we find the city council appropriating \$145,000 for city and school purposes. Taking \$27,000 of this for the schools, and allowing \$8,000 for delinquents, which is large, we have left \$110,000 of the taxes for city purposes. Adding to this the \$40,000 that comes in from licenses and other sources, we find that the council has figured on spending \$150,000 for city purposes alone for six months, as against the \$105,000 the Business Men's Council made do the city for a whole year a little over four years ago.

It requires more to run Paducah now than it did then, as a matter of

ADVERTISING IS LETTING PEOPLE KNOW.

The problem of the advertiser is to attract attention—favorable attention, of course. Soap may be for sale at five hundred groceries in the same city, yet it is entirely possible for one grocery to entirely outstrip every competition in sales for this one kind of soap through advertising alone.

He does so because he attracts public attention. People may have every reason in the world to think that the other four hundred and ninety-nine keep that soap, but they know that Mr. Advertiser keeps it. That's the difference.—Business Problems, Battle Creek, Mich.

course, but it does not require \$65,000 more to run the city six months now, than it did to run it a whole year five years ago.

When the taxpayers see how they are being robbed, it is no wonder that some of them will refuse to pay their taxes but will first fight the levy in the courts.

The city has pending with the Illinois Central authorities a request for a lease or donation of its river front property for levee purposes. It desires the railroad to give it the use of the property, which is worth perhaps ten or twelve thousand dollars. Notwithstanding this request, it has the unmitigated gall to turn around and charge the railroad \$500 simply to pass over the pest house property. It would take more money than that to induce most people to pass that near the pest house, without charging them for the permission.

The council has tabled the street sprinkling ordinance, but it is safe to predict that next year we shall have a system of street sprinkling, as the sentiment of the council seems to be in favor of the system. The cost will be but a few thousand dollars a year. This year the contracts for much of the sprinkling have been let by merchants and other citizens to private companies, and it is deemed better to wait until next year, to inaugurate the sprinkling system.

The committee of the general council has decided that \$1,000 is too much to charge the Illinois Central for right of way over the pest house property. It is commendable in the committee to reconsider its intention of "gonging" the railroad. Even \$500 is too much. It is enough for every farmer whose property is to be passed through to charge an exorbitant price, without a city like Paducah, which principally will be benefited by the road, doing it.

The long debate over the Philippine party does not come out squarely for the surrender of the sovereignty of the United States in the islands. The purpose of the people to keep the Philippines as part of our territory was sufficiently defined in the last presidential election, but if the Democrats want it thundered in louder tones they can easily be accommodated in 1904. Before advocating surrender they should read the speech of one of their own number, Senator Morgan of Alabama, delivered last Thursday. He gave full credit to the Republican position for justice, equity and correctness, and went so far as to say that he would definitely arrange to have the Philippines enter a regular territorial probation, with a view to eventual statehood. No Republican platform has yet taken so long a look into the future, but, as the Republicans of Ohio have just declared, "our title to the islands is as perfect as was that of Spain after nearly 400 years of undisputed possession," and, in short, "our flag is in the Philippines, and will there remain."

Inability to find an issue should open the eyes of the Democratic party to an important fact. No issue presents itself because none that is practicable exists. In the proper restriction and regulation of trusts the Republican party has done more and will continue to do more than can be expected from a Democratic administration. Free trade alone remains as a distinctive issue, and it is not hard to foresee what choice the people will make when invited to cast aside the Dingley tariff with its era of unexampled prosperity and go back to the Wilson-Gorman period of business confusion and calamity. Abuse of the army is futile as well as disgraceful, charges of imperialism are stale and tedious; Democratic financial theories are a spent force; Cuba has been permitted to set up for itself according to promise; war taxes are about to vanish; the treasury is abundantly supplied; month by month the public debt is cut down; free trade is tottering in its British stronghold and the insurrection in the Philippines is substantially at an end. The best thing the Democratic party can do is to admit its hopeless division, recognize an era of good feeling, and take a rest.

WITH ABDUCTION

YOUNG MAN TO BE PROSECUTED FOR MOCK MARRIAGE.

Hickman, Ky., June 4.—The case of Barkley will be given a preliminary hearing before County Judge Kenry today. Barkley is charged with abducting a young girl at Fulton, Ky., several months ago. He told her, it is charged, he had secured marriage license, persuaded her to marry him, and carried her before a supposed minister.

ELECTION AT JACKSON.

Jackson, June 4.—After the warmest campaign for years, the city election today resulted in the re-election of Mayor Hugh C. Anderson over H. S. Fletcher by 408 majority. M. B. Hurt was re-elected city recorder. The successful aldermen were: First ward, J. W. Vanden; Second, George Manuel, re-elected; Third, M. H. Taylor, re-elected; Fourth, C. E. Griffin, re-elected.

NEWARK AGAIN FIRE-SWEPT.

Batesville, June 4.—Fire destroyed a large portion of the town of Newark today. Three handsome brick business houses are in ruins. The losses are between \$20,000 and \$30,000. This is the fourth time in as many years the town has been fire-swept. It is thought to have been the work of an incendiary.

A PARTY WITHOUT PRINCIPLES.

(St. Louis Globe-Democrat.)

In spite of an intense yearning and incessant skirmishing for an issue the Democratic party has made no progress in that direction. Everything it tries slips from its grasp after a short discussion. From present appearances it must fall back upon free trade, for nothing Democrats have ever done against trusts entitles their party to be taken seriously on that question. The Democratic difficulty may be illustrated by the case of Porto Rico. The island was supposed to be an important issue two years ago, and was the first special subject treated in the Democratic national platform of 1900. That plank is positively funny now, for no one thinks of quiet, contented, prosperous Porto Rico in connection with current politics. Yet the last Democratic platform denounced its treatment by a Republican congress as "a bold and open violation of the nation's organic law and a flagrant breach of the national good faith," which "dishonors the American people by repudiating a solemn pledge," and "dooms to poverty and distress a people whose helplessness appeals with peculiar force to our justice and magnanimity." Resounding words, and offered as meaning something two years ago, but known today to be but rhetorical chaff.

In spite of vague, reactionary talk about the Philippines the Democratic party does not come out squarely for the surrender of the sovereignty of the United States in the islands. The purpose of the people to keep the Philippines as part of our territory was sufficiently defined in the last presidential election, but if the Democrats want it thundered in louder tones they can easily be accommodated in 1904. Before advocating surrender they should read the speech of one of their own number, Senator Morgan of Alabama, delivered last Thursday. He gave full credit to the Republican position for justice, equity and correctness, and went so far as to say that he would definitely arrange to have the Philippines enter a regular territorial probation, with a view to eventual statehood. No Republican platform has yet taken so long a look into the future, but, as the Republicans of Ohio have just declared, "our title to the islands is as perfect as was that of Spain after nearly 400 years of undisputed possession," and, in short, "our flag is in the Philippines, and will there remain."

Inability to find an issue should open the eyes of the Democratic party to an important fact. No issue presents itself because none that is practicable exists. In the proper restriction and regulation of trusts the Republican party has done more and will continue to do more than can be expected from a Democratic administration. RIVER BILL ADOPTED.

Washington, June 4.—Mr. Burton of Ohio called up the conference report upon the river and harbor bill in the house.

The report was adopted. As soon as signed by the presiding officers of each house it will go to the president.

The house then went into committee of the whole to consider the bill for the protection of the president of the United States and for other purposes—known as the anti-anarchist bill.

NEW SCHOOL TRUSTEE

Continued from First page.

He also recommended that a four-year course, elective, either business or English, be inaugurated in the high school. Another important suggestion was that the principal of the high school be made supervisor of the work in that school and that the assistant principal be appointed to fill his place as teacher.

Recommendations of changes in grades were also made and as a result there will probably be eighth grade in the Jefferson building next year instead of one at the Franklin building.

The report was received, filed and concurred in.

Mr. E. W. Bockmon was elected to fill the vacancy caused by the resignation of Mr. R. G. Terrell.

After a few unimportant actions the board adjourned.

GAINED NO POINT.

Nashville, June 4.—The strike which was inaugurated October 19, 1901, by the Plumbers, Gas, Steamfitters and Helpers' United Association No. 47 was declared off last night by that organization without having gained a single point demanded by them. This has been the longest struggle for shorter hours and better wages ever had in Nashville.

THE BOER PRISONERS.

London, June 4.—Replying to a question in the house of commons, the war secretary, Mr. Hordrick, said the total number of Boer prisoners in South Africa and elsewhere was 25,565, of which 783 were under 16 and 1,025 were over 60 years of age.

MINISTER MARRIED.

Hopkinsville, Ky., June 4.—The Rev. W. H. Vaughan and Miss Hattie King of Howell, Ky., were married at the hotel Latham, this city, at an early hour yesterday morning by the Rev. J. M. Garena. They left at once for a visit to the groom's relatives near Gallatin, Tenn.

The expenses of the city of London this year amount to \$80,000,000, and those of the city of New York, as provided for in the budget, to \$97,000,000.

A MEAN BOY

Attempted to Wreck a Switch Engine and Ran.

The Locomotive Was Derailed in a Cut Near Mechanicsburg.

Switch engine No. 737 jumped the track near the coal tipples in Mechanicsburg this morning and was badly derailed.

Some boy threw the switch just as the engine came into the cut, and it was too late for the engineer to stop the big engine. The boy ran away and could not be located this morning, but the engine crew will know him again if they see him, and will do all they can to catch him.

There are a great many mischievous boys in that locality, and this is one of their so-called pranks. If the boy is caught it will not go easy with him, the penalty for wrecking an engine or train being a severe one. No one was injured, but the company will suffer considerably by the loss of time and the service of the engine.

Officer Honser today arrested three men of Mechanicsburg on suspicion of having thrown the switch but as none of them were identified by the crew they were released. The officers are at work on the case and will find the guilty party if possible.

MEMPHIS IMPROVEMENTS

SUPR. HILLS OF THE N. C. AND ST. L. CONFERS WITH OTHER OFFICIALS.

Superintendent W. J. Hills, of Paducah, and Chief Engineer Linster McDonald of Nashville, of the Nashville, Chattanooga and St. Louis railway, consulted with Superintendent H. M. Fickinger and Chief Engineer C. B. Parson of the Frisco at Memphis yesterday, regarding some contemplated improvements. They have in contemplation the removal of wooden trestles and the substitution of iron structures at Memphis.

These improvements are merely in line with the improvements gradually being made by both railroads. Superintendent Hills has returned home.

EVERYTHING READY

THE CITY OF MEMPHIS HERE WAITING FOR THE OHIO DELEGATION.

The City of Memphis arrived here last night from St. Louis, and is lying at the wharf awaiting the arrival at 6 o'clock this evening of Governor Nason and party of Ohio, who are on their way to Shiloh National park. The party will be taken directly to the river from the depot.

KNOWN IN PADUCAH.

A Jackson, Tenn., dispatch of last night gives the following account of a wedding in which the bride is well known here:

Jackson, Tenn., June 4.—Albert Milton Mass, of Memphis, and Miss Hattie Felsenthal of Jackson, were married at Temple B'nai B'rith tonight, Rabbi Samfield of Memphis, officiating. The bride and groom are members of prominent Jewish families of the two cities.

UNDERWOOD VS. CUNNINGHAM.

Nashville, June 4.—The United States circuit court of appeals, convened at Grand Rapids, Mich., this morning from its regular place of sitting at Cincinnati, has reversed the decision of the court at Nashville in the case of John C. Underwood vs. S. A. Cunningham. Underwood was awarded \$10,000 damages and today's decision gives the defendant a new trial. This is the third growing out of a Confederate veteran publication some time ago.

COUNTY COURT.

Marshall Perkins, a colored carpenter of the city, aged 47, and Sarah Keelan of the city, aged 37, were this afternoon licensed to wed. It will mark the second marriage of both.

CIRCUIT COURT.

TODAY'S SESSION WAS VERY BRIEF—MOTIONS OVER- RULED.

Thomas P. Glynn and others were given a judgment to sell property against William Lyden and others.

The case of Frank P. Mitchell against the Paducah Coal and Mining Co., was dismissed. Mitchell was injured in an accident at the company elevator several months ago.

The motions for new trials in the following cases were overruled: Charles Hills against the Paducah Veneer and Lumber Co.; John Hill against the Paducah Veneer and Lumber Co., and Mares against Lane.

Court adjourned shortly before noon for the day having finished all motions set for today.

The suit of Vernon Blawitt against Tex Sprague has been transferred by Judge Husbands to the Marshall circuit court. It was for damages for being ent by the defendant, and a verdict for \$250 was at a former trial secured.

THOSE THREE LITTLE THOMPSONS

Business Matter That Came Near Breaking Up Happy Home.

"In my business I come in contact with all sorts of animal people from the ordinary snake charmer to the owner of a private menagerie," said a prominent New York snake and reptile man, whose name for the purpose of this story must be "Thompson." "Not long ago I presented three little alligators to a certain lady, snake charmer named Hiedwig, who was one of my regular customers. I received a letter of thanks in return saying that once the little chaps were trained they would appear on theater programmes as the 'Three Thompsons,' named in my honor."

"Hiedwig was a picturesque sort of snake charmer, the kind of woman, though homely and unattractive as a stone wall, whom a fellow could not well help mentioning even in one's home. I think I speak altogether too much about Hiedwig to begin with. To add to the fuel I have been obliged to meet her several times in a business way after her evening performances."

"One day I got a letter from Hiedwig, and after reading it I innocently took it home. It came near breaking up my establishment and taking the roof off of the house. My wife found the letter and stood before me with flaming eye, reading between her teeth."

"The three little Thompsons are not at all evil, and I think you had better come down to see us. Signed, Hiedwig with a contemptuous, drawn-out slur on the name, 'Hiedwig-I-g'."

"Imagine the rest."—New York Times.

NOVEL IDEA OF ART COLLECTOR

Hele Certificate of Authorship from Each Artist for His Paintings.

One of Philadelphia's collectors of modern paintings pursues an original and happy idea, which adds much to his gallery's value. He sends to the creator of each of his pictures—if the painter is living and if he be dead to some member of his family—a photograph of the work and across the face of the margin of the photograph the painter certifies in obedience to the collector's request that he executed the picture of which the photograph is a copy. Usually, too, he tells where and in what year he painted it, he gives its name and he appends a little criticism of it, favorable or unfavorable, as the case may be.

Thus the collector has a beautiful and large Thaulow a study of running water, and under the photograph of this picture Thaulow himself says he regards it as one of his best works. He also has a superb Jacques, showing cows, chickens, horses, figures and instruments of agriculture. Jacques' son writes of this work an admirable appreciation.

Such men as Gerome, Honguerneau, Benjamin Constant, Carin, Dagnan, Bouveret, Schreyer, Ridgway, Knight and many other, says the Philadelphia Record, certify and criticize in this way the works of theirs that the collection includes.

Smokers, Male and Female.

I can well remember the time when a man, if perchance he met a lady while he was smoking in some rather unfrequented street, always flung his cigar away and rather tried to look as if he had not been doing it. Yet so far we have traveled that not long ago, at a hospitable house not a hundred miles from Berkeley square, the hostess and her daughter were the only smokers in a large luncheon party, and proffered their cigarettes by the courteous condition, "If you gentlemen don't mind."

ELABORATE WEDDING.

A FRENCHMAN MARRIES A BELLE OF DETROIT.

Detroit, Mich., June 4.—Elaborate was the wedding of Miss Martha Palmer and the Comte Laurent de Champeaux, of Paris, last evening in the bishop's chapel on Washington avenue. The ceremony was witnessed by members of the family and very intimate friends only, but more than 500 invitations were issued for the reception held at the home of the bride's parents after the wedding ceremony. The bride was attended by her sister, Miss Violet Palmer, while the Count Louis de Champeaux was best man. Count and Countess de Champeaux will make their future home in Paris.

PENSION FOR GEN. GOMEZ

NOMINATION OF MINISTER QUESADA HELD UP BY CUBAN SENATE.

Havana, June 4.—The house of representatives has voted to give General Maximo Gomez a pension of \$6,000 per year.

The senate confirmed the vote of the house, fixing the salary of members of congress at \$3,600 annually.

President Palma's nomination of Senator Quesada as Cuban minister to Washington is causing considerable difficulty in the senate, which has already held two sessions in secret on the nomination without coming to a decision. It is claimed that the matter is close, and that Senator Quesada's chance of success depends upon his personal influence with President Palma. Senator Trias is quoted as saying that he has no opinion for or against Senator Quesada, but his nomination should be confirmed, as he is the first minister to be nominated by President Palma. He also argued that Senator Quesada would be acceptable to the Washington government. The arguments made by Senator Sangalli, he said, were of a personal nature.

MURRAY GUARD.

FULTON'S MILITARY COMPANY TO BE RE-ORGANIZED.

There has been trouble in the Murray Guards, Fulton's military company, and it has been decided to re-organize. It is claimed that some of the members have displayed a disposition to retard its advancement, and these will doubtless be dropped.

The re-organization will take place June 11, and Captain Longmire of Frankfurt will be there on that date to assist in the work.

An entirely new set of officers will be chosen, and the company will be placed in good condition to participate in the state guard encampment.

NIGHT AND DAY.

WORK WILL BE PUSHED RAPIDLY BY THE ILLINOIS CENTRAL.

The Illinois Central is still pushing work on its Cairo division, hot is not doing enough and will put on more men, as stated yesterday. There are now fully 200 at work in the county, and it is understood that a portable electric light plant will be erected at once and night forces put on to hasten the work.

HIG SHOOT AT CLEVELAND.

Cleveland, O., June 4.—Representatives of nearly fifty clubs are taking part in the eighteenth annual tournament of the Ohio Trap Shooters League, which began under auspicious conditions on the grounds of the Cleveland Gun Club. The program covers three days and provides for twenty-seven open events in addition to the competition for the five special cups offered to members of the league.

COLORED K. OF P.

Mayfield, June 4.—John Morton, W. B. Martin, U. G. Davis, Elijah Pullen, Perry McFadden, Kelley Avant and John Bishop, members of the Colored Knights of Pythias of Paducah, came out Monday night and instituted a colored lodge here with 45 members.

AGED MUSICIANS.

MOVE ON FOOT TO PROVIDE A HOME FOR THEM.

Buffalo, N. Y., June 4.—The question of establishing a national home for aged musicians is one of the principal matters before the seventh annual convention of the American Federation of Musicians here. It is proposed that the institution be built and maintained by a fund to be raised by means of concerts to be held throughout the country by the local unions of the federation. Reports show that the present membership of the organization exceeds 34,000 musicians. Joseph N. Weber called the convention to order today and Owen Miller of St. Louis acted as secretary. Boston is bidding for the next convention of the federation.

MUSIC FESTIVAL.

A BIG TIME IS BEING ENJOYED AT TOPEKA.

Topeka, Kan., June 4.—Music lovers are here from far and near to attend the Topeka musical festival. The attendance also indicates that the festival will be a great success financially as well as artistically. Kansas City, Lawrence, Holton and other cities have sent many representatives.

The program arranged for the three concerts is one that seldom has been surpassed in this part of the country. The Chicago Symphony orchestra has been engaged, together with several well known soloists, including Miss Helen Buckley, Miss Sue Herrington Furbuck, Holmes Cowper and Arthur Berensford. The principal feature of the festival, however, is the chorus of 300 voices which has been training for months past in anticipation of the event.

ANOTHER SAFE.

THIEVES VISIT HAMLETTSBURG AND BLOW A SAFE.

The safe blowers of Southern Illinois have appeared again and night before last visited the store of Samuel Vickers of Hamlettsburg, Ill., and covering the safe with piles of clothing to deaden the explosion, blew the safe and secured about \$150. The burglary and safe cracking were not discovered until the store was opened several hours later. The only person awakened by it was a lady who thought it was thunder.

SAYS HE TRADED.

B. WHITLOCK, A HORSE TRADER, MAY PROVE HIMSELF INNOCENT.

Mayfield, June 4.—B. Whitlock, who was arrested here Sunday as a suspected horse thief, claims that he traded for the animal he is charged with stealing. He is a horse trader and upholsterer, and was on his way to Louisville when arrested. He is being held to await information from Ripley, Tenn., where the horse was stolen.

ELEVATING THE STAGE.

Every woman who chooses the stage as a serious profession, has, at some time, a dream of helping to elevate it. I need hardly say that her little part in this is simply to elevate her own standards, and to live up to them. She must remember that she cannot do this courageously and unflinchingly without influencing, in a small degree, but very surely, the future of the profession she loves. She need never accept the standards of the stage as she finds them, if she believes her own are higher. —Ellen Terry, in May "Success."

MALARIA An Invisible Enemy to Health

Means bad air, and whether it comes from the low lands and marshes of the country, or the filthy sewers and drain pipes of the cities and towns, its effect upon the human system is the same.

These atmospheric poisons are breathed into the lungs and taken up by the blood, and the foundation of some long, debilitating illness is laid. Chills and fever, chronic dyspepsia, torpid and enlarged liver, kidney troubles, jaundice and biliousness are frequently due to that invisible foe, Malaria. Noxious gases and unhealthy matter collect in the system because the liver and kidneys fail to act, and are poured into the blood current until it becomes so polluted and sluggish that the poisons literally break through the skin, and carbuncles, boils, abscesses, ulcers and various eruptions of an indolent character appear, depleting the system, and threatening life itself.

The germs and poisons that so oppress and weaken the body and destroy the life-giving properties of the blood, rendering it thin and watery, must be overcome and carried out of the system before the patient can hope to get rid of Malaria and its effects.

SSS S. S. S. does this and quickly produces an entire change in the blood, reaching every organ and stimulating them to vigorous, healthy action. S. S. S. possesses not only purifying but tonic properties, and the general health improves, and the appetite increases almost from the first dose. There is no Mercury, Potash, Arsenic or other mineral in S. S. S. It is strictly and entirely a vegetable remedy. Write us about your case, and our physicians will gladly help you by their advice to regain your health. Book on blood and skin diseases sent free.

MISSIONARY WORK

A LARGE ATTENDANCE AT THE CONFERENCE AT SYRACUSE.

Syracuse, N. Y., June 4.—Many well known missionary workers are in Syracuse for the seventy sixth annual meeting of the Congregational Home Missionary society, which continues in session until Friday.

The present meeting is regarded as of more than the usual interest, as it is expected that before adjournment the differences between the central society and the thirteen state auxiliaries will have been definitely settled. According to opinions expressed by officials of the home society an adjustment of the differences is likely to be made in a manner that will be satisfactory to that body. In that it will leave to the society much of the executive power it formerly held and which was taken from it by the agreement of last spring. Officials of the society are hopeful because of its excellent financial condition. The fiscal year has been closed without deficit and the debt of the society, which amounted to more than \$65,000 at the time of the last annual meeting, has been so reduced during the year that it is now less than \$10,000.

WOODMEN OF THE WORLD.

OFFICERS AND COMMITTEES APPOINTED FOR MEMORIAL SERVICES.

Last night the following officers and committees were appointed to act at the Woodman of the World memorial services Sunday the 8th at Oak Grove: Master of ceremonies, Frank Bennett; orator of the day, J. Wheeler Campbell; Captain George Lehnardt; committee commander, Joe B. Flach; lieutenant, F. Roark; clerk, George Broadfoot; banker, Henry Lehnardt; escort, J. A. Culloway; sentry, John Lehnardt; watchman, O. W. Carver. Choir—Ladies of the Woodman Circle.

Committee on arrangements and program: George Lehnardt, James Vance, E. Townsend, J. W. Heisler, O. W. Emery and A. L. Patmore.

The program will not be prepared before tomorrow but will be no more than regular speeches and music and the unveiling of the monuments.

COUNTY SCHOOL NOTES.

Superintendent Marvin Ragsdale will hold the county school commencement exercises at Lone Oak June 21 and Rev. J. O. Reid of the city, will deliver the class lecture. There are nineteen graduates.

The county teachers' institute at Massac has been changed from July 1 to July 7.

Miss Ballance, the elocutionist, will give an entertainment at Lone Oak Saturday and an attractive program will be arranged.

There are now few schools in session, comparatively speaking.

Miss Nellie Tyner of Nashville, daughter of Captain Tyner, of the Burtorf, is visiting Miss Annie Bradshaw.

ARKANSAS GAZETTE SOLD.

J. N. HEISKELL OF LOUISVILLE, KY., TO BE EDITOR-IN-CHIEF.

Little Rock, Ark., June 4.—The controlling interest in the Arkansas Gazette has been bought from W. B. Worthen by J. N. and Frederick Heiskell and Maxwell Coffin. J. N. Heiskell is the correspondent of the Associated Press at Louisville, Ky., and was formerly city editor of the Memphis Commercial Appeal. Fred Heiskell was until lately city editor of the Memphis Evening Scimitar, but resigned to become secretary to Gen. Luke E. Wright, of the Philippine commission. Maxwell Coffin resides in Little Rock.

At the regular annual meeting of the stockholders this forenoon the following directors were elected, the four first named having the controlling interest: O. W. Heiskell and Frederick Heiskell of Memphis, J. N. Heiskell of Louisville, Maxwell Coffin of Little Rock, and W. B. Miller of Little Rock. The old directory consisted of J. W. House, John G. Fletcher, R. A. Little, W. M. Kavanaugh, G. N. Peay and F. W. Allison.

The new company is not to assume charge of the paper until July 1, and it is announced that for the present there will be no change in the management.

J. N. Heiskell will be editor-in-chief of the paper, and the other details as to staff and the business management are to be determined upon later.

ST. LOUIS' ISSUE OF WORLD'S FAIR BONDS.

AGGREGATE \$5,000,000 AND ARE TAKEN AT PAR AND ONE CENT ON EACH \$1,000 BOND.

St. Louis, June 4.—Bids on the city's authorized issue of World's Fair bonds, amounting to \$5,000,000, were opened in the presence of Mayor Wells and Controller Player. The bids of Edward Whittaker and the Mississippi Valley Trust Co., who acted jointly, were accepted, they agreeing to take the entire issue, paying the par value, \$1,000 and one cent on each bond.

WILL REDUCE THE COST

A meeting of the committee composed of Councilmen Potter, Johnson and Hummel, and Aldermen Barry, Hoone and Langstaff was held yesterday afternoon late at the city hall with Mr. T. M. Orr, the right of way agent of the Illinois Central and it was agreed that the city allow the Illinois Central right of way over its past house property for \$500 instead of \$1,000, the amount first reported by the council. It seems that the entire property is not worth \$1,000.

TO RAISE FUNDS.

There was a meeting of the Y. M. C. A. board last night with State Secretary H. E. Roosevelt to devise plans for raising the remainder of the money needed to run the association the balance of the year, from the present until September, there being a slight shortage. The plans were arranged and Secretary Roosevelt returned to Louisville this morning.

The low water has shut off all coal shipment at Pittsburg, but the slight rise allowed many steamboats to enter the harbor. There are almost 20,000,000 bushels of coal ready for shipment in the pools, and a boating stage is confidently expected this week. There is nothing to base it on, except the proverbial June rise, which is looked for every year. Rivermen believe that with a change of moon during the week plenty of rain will fall. It is alleged that the stock of coal in the south is very short.

FULTON ASSIGNMENT.

JULIUS FREDERICK TURNS OVER EVERYTHING TO CREDITORS.

Reform on the Way in Russia. Student agitations in Russia are bearing fruit. It is freely predicted by progressive men in that empire that the country will have a constitutional form of government within the next ten years. The czar and his ministers realize they must take the lead in making the reforms or undertake to resist them. To resist them means terrorizing the whole of the empire. A policy of repression in the present temper of the people might be extremely dangerous.

GOLCONDA DEFEATED

The Paducah Baseball Team Beat Them 12 to 2 Yesterday.

Talk Revived of the Baseball Park to be Built Here.

The Paducah baseball team did excellent work in Golconda yesterday, and defeated the team of that place by a score of 12 to 2 in seven innings. The game was cut short on account of the early time set for the departure of the boat. The line-up of the local team was: Wilkins, catcher; Hedges, pitcher; Sherrer, first base; Murray, second base; Jackson, third base; McConne, short stop; Rollston, left field; Dicke, center field; Meyers, right field.

The Golconda boys were unable to hit Hedges, and the battery for the Paducah boys played the game. It is now assured that the local management of the team will soon begin active work of building the ball park. Already \$350 has been subscribed from firms interested in the project in an indirect way only. The two gun clubs have not yet made their subscriptions, but will, and a nice sum will come from them. The park will be a combination of a gun club ground and base ball field, and it will, it is thought, prove a success.

NOTES OF THE RAILROADS

Saturday's Fulton Leader says: A funny experience happened to a well known engineer on the Paducah road, this morning. He was piloting a freight from Paducah to Fulton and at Water Valley the train broke in two and the engineer failed to notice it until he reached Fulton. The train had to back up to Water Valley and get the portion left there.

The Louisville division of the Illinois Central now has a new superintendent, as already announced, the changes becoming effective yesterday. Mr. J. C. Bailey, formerly superintendent of the St. Louis division, is the new superintendent of the Louisville division, succeeding Mr. H. U. Wallace, who goes to Freeport, Ill. He there succeeds Mr. Horace Baker, who goes to the Georgia Southern. W. S. King, superintendent of the Tennessee division, goes to the St. Louis division. G. A. Clark, of Clinton, Ill., succeeds Mr. King, of the Tennessee division.

Roadmaster Pat Galvin of the Louisville division of the Illinois Central, was in the city last night on business.

Saturday afternoon freight train No. 184, in charge of Conductor Milam, of the city, ran into the rear of a work train at Melrose, Tenn., and the engine 576 was badly derailed but no one injured. At the time of the wreck this morning the wrecker was at that place and was dispatched to Covington to clear the track.

Mr. L. I. Baumgartner, the chief clerk in the master mechanic's office, is still on the sick list and unable to be on duty.

The Horse World of London. An ingenious writer has been making a curious computation respecting the wheels in London. He points out that it takes 300,000 horses to move these wheels. Within a radius of twelve miles there are 500 miles of railway running through 700 stations, and between morning and night the trains running over these carry 1,300,000 passengers. But the street vehicles travel twenty times as far as the trains every day and carry more passengers, for though the latter travel 25,000 miles every twenty-four hours the street carriages daily accomplish a journey equal to twenty times the circumference of the globe. The "buses and trams move 1,600,000 passengers from place to place every day, while 120,000 people ride about in cabs and 25,000 in private carriages. Londoners traveled in London something like 165,000,000 times a year, making nearly 1,000,000,000 separate journeys, while a capital of no less than £70,000,000 is invested in the wheels and horseflesh by means of which these are moved.

BIG DECREASE.

THE DEATH RATE GETS SMALLER IN PADUCAH.

The death rate for the county and Paducah in particular is growing smaller and smaller each month notwithstanding the approach of summer. The books of the health officer will show within the next two years a remarkable decrease in the number of deaths. During the month of May only 83 burial permits were issued and these come from both the county and city. Last May, 1901, there were nearly 80 deaths which was less than the same month year before. During the last month, April, only 52 were issued and this is over a dozen decrease. The number of deaths counted from the burial permits does not necessarily mean that that number died in Paducah as many deaths occurred in other places and the remains were shipped here for burial. A number are always the results of accidents and taking all in all, the city has enjoyed no better health than at present.

For Sickly Mothers.

Zoe Flora Brings Instant Relief in the Dreadful Pains and Backaches of Irrregularity, Cures Change of Life, Weakness, Nervousness, and All the Diseases Peculiar to Women.

LARGE TRIAL BOTTLE WRITTEN FREE TO ALL WHO WRITE.

Zoe Flora is the only true tonic for tired, pale, sickly women. It revives them, awakens their senses, tones up their stomachs, brightens their eyes, and gives to their body the elasticity and buoyancy of youth. If you suffer from female weakness, leucorrhoea, suppressed or painful monthly periods, falling or displacements, fooding, ulceration, irritation, weak or lame back, disordered liver or stomach, sick kidneys, rheumatism, neuralgia, nervous headache, or highly nervous condition of the body or mind take Zoe Flora and be cured.

Mrs. Emma Johnson, Jerseyville, Ill., says: "I have kept Zoe Flora in my house for twenty-one years, using it at monthly periods and preparing to confinement. I have often said I had sooner go through childbirth without an attending physician than do without Zoe Flora previous to confinement. I have been the mother of five children. Before the first two came I had not heard of Zoe Flora, and suffered labor with one fifty hours before delivery. The last three births I used Zoe Flora during each pregnancy and was not in labor over four hours for any of them. I have now passed safely and comfortably through the critical time, called change of life. I suffered very little pain, because I used Zoe Flora. It is the best medicine for painful monthly periods I have ever seen, and I have given it to several women, and have never known it to fail."

Mrs. Martin Pritch, of North Dorr, Mich., says: "I was troubled with female weakness, but I took Zoe Flora and I have not felt so well before in five years. I took Zoe Flora last fall before my baby was born and it was the means of making confinement very easy for me. I continued taking it after baby came and it quickly restored me to health again."

Get a dollar bottle of Zoe Flora at the nearest drug store, or the Zoe Flora Co., Kalamazoo, Mich., will send it to you, prepaid, on receipt of price.

A HEAVY LOAD

Driver Pete Derrington Run Over by an Ice Wagon.

Over a Ton of Ice Besides the Heavy Wagon Passed Over Him, but He Still Lives.

Mr. Pete Derrington, of 828 South Seventh street, met with a serious accident this morning about 6:30 while starting out with a wagon full of ice for the O. W. Robertson Co.

Derrington had loaded the wagon for the first trip out and 8,000 pounds of ice had been stored in the wagon. He went to step on the seat and slipped just as the mules started off. He fell between the foot board and the front wheel which passed over his body near the thigh. Both the front and rear wheel passed over his body and he is in a serious condition but will probably recover. Dr. J. D. Robertson was immediately summoned and reports his patient resting easy. The weight of the wagon alone was sufficient to have crushed the life out of most men and he had a narrow escape.

Won a Wife on a Train.

What appears to be the record for matchmaking occurred recently in Kansas. It culminated in the marriage of Mrs. Alice Anderson of Trenton, Mo., and William Arnold of Smith county, Kan., who met upon a Rock Island train several days ago, fell in love with each other and became engaged before the train had covered 40 miles of the distance between Trenton, Mo., and Kansas City. Arnold is a substantial farmer. He had been a widower for 14 years, and last October decided to marry again. He visited relatives in Iowa, Indiana and Ohio, but failed to find a woman who struck his fancy. He was on his way to visit his cousins in Kansas City when he met Mrs. Anderson on the train. She was pretty and interesting and Arnold's search for a wife ended.

Bloodshed Results in Chicago From the Teamster's Strike.

The Police Were Stunned by a Mob and Relieved by Clubbing Many People.

THE POLICE PREPARED FOR TROUBLE

Chicago, June 3.—Riot and bloodshed marked the progress of the teamster's strike yesterday. There were numerous fights between the police and the strikers and their sympathizers.

The most serious trouble of the day occurred in Crosby street in the district which is known in police circles as "Little Hell." A detachment of police under the command of Lieut. Collins was escorting a number of wagons loaded with meat to the distributing stations down town. A large crowd followed the wagons shouting and cheering and now and then throwing stones over the heads of the officers in the direction of the men on the meat wagons. The line of wagons escorted by the police was frequently stopped by other teamsters who would manage to pull across the street just at the proper place to prevent the meat wagons from making any progress. Finally, one teamster refused to pull his team out of the way of the meat wagon and the police placed him under arrest. Then the fight broke out. A shower of stones and mud hit the officers and some of the officers, including some of the best, were hit. Lieut. Collins ordered the march of the meat wagons to be stopped, but as once charged the crowd, the strikers were the fiercest fighters of the lot. One officer was knocked down with a brick and his companions drew their clubs and made war with such energy that in a few minutes the street was filled with men with bleeding heads.

The police then fell back until they had formed a compact mass close to the wagon and at Collins' order they drew their revolvers and charged the crowd once more. The police struck down numbers of men and used their clubs and revolver butts with energy, and in three minutes the crowd was broken and in full flight. Forming his men around the wagons once more, Collins started on his march. As soon as the police started away the mob formed again, and although at a respectful distance they kept after the wagons until they reached the barns at Halstead and Division streets. In this fight about a dozen of the officers were badly bruised and nearly all of them had torn clothing. Many of the mob were badly used up.

PRETTY LONE BRIDE WINS

SECOND JUDGMENT AGAINST ABDUCTORS OF HER HUSBAND.

Nashville, June 3.—About a year ago Abram Simon, a clerk in a local dry goods establishment, married pretty Rena Blase, an employee of a local millinery house. As soon as Simon's folks got the news of the wedding they went to the home of the bride and took the youthful husband away by force. Nothing daunted, the bride sued the Simons and others who had abducted her husband for \$25,000 damages. There was a hot legal battle, but the girl won. The supreme court reversed the verdict and remanded the case for another hearing. Today the case came up again in the circuit court, and the defendants failing to appear, the jury again gave Mrs. Simon a verdict for \$25,000.

Young Simon and his wife never lived together.

Delegation, Headed by the Governor of the State, to be Here.

Governor Nash and Party Due at 6 P. M. Tomorrow Enroute to Shiloh Park.

WILL REMAIN BUT A SHORT TIME

The Ohio delegation for Shiloh National park will arrive in Paducah tomorrow evening at 6 o'clock, and be met at the train by a number of prominent citizens. It is en route to the national park to participate in the dedication of the Ohio monuments on Friday and Saturday.

There will not be any formal reception here for the visitors, as they will be in the city but a short time. They will go straight to the river from the train and take passage on the City of Memphis, which will arrive tonight or tomorrow and wait over for them.

In the party will be: Governor George K. Nash, Hon. David F. Pugh, Columbus, O.; Colonel Cornelius Castle, Hon. Ralph P. Cole, Findlay, O., and many others.

Major J. H. Ashcroft, of the city, will accompany the party up. He is a member of the commission, and other members are already present, having been there for Decoration day exercises.

Two programs for the two days' exercises are as follows:

Hon. David F. Pugh, Columbus, O. chairman; presentation of monuments to the national government, Gov. Geo. K. Nash; acceptance of monuments on behalf of the United States by Colonel Cornelius Castle, chairman of the National Military park commission, representing the secretary of war; by Colonel Josiah Patterson, of Memphis, representing the Shiloh military park commission; by Colonel Luke W. Findley, of the Fourth Tennessee, C. S. A., representing the state of Tennessee and the Confederate dead and by Hon. Ralph D. Cole, of Findlay, Ohio Shiloh battlefield commission.

Colonel Cornelius Castle of Ohio, chairman, and Colonel Josiah Patterson, of Memphis, members of the Shiloh commission, left Memphis today for Shiloh, and Mr. W. King Poston leaves there the latter part of the week.

KIDNAPED CHILD.

New York, June 3.—W. A. Taylor of Cincinnati and his young daughter, Margaret, who was kidnapped by her aunt and taken to Italy, were passengers on the steamship Kaiserin Marie Theresa, which arrived today from Genoa and Naples. Mr. Taylor said he had no trouble in securing his child. She was in good health and spirits, he said.

EMPHATIC TALK

THE KIND THAT CARRIES CONVICTION TO EVERY PADUCAH READER.

Conviction must follow such emphatic proof as is given here. The testimony of Paducah residents should satisfy the most skeptical. Here is a Paducah case. Read it and see if doubt can exist in the face of this evidence.

Mr. J. W. Wootan, of 1403 Barnett street says: "At different times for fifteen years I had attacks of kidney troubles and used more or less medicine without getting permanent relief. A few days treatment of Doan's Kidney Pills obtained at DuBois and Co's drug store, proved to me that I had at last got hold of a remedy which went to the root of the trouble. I will be only too pleased to give minute particulars to anyone interviewing me personally."

PEACE COMES AT LAST

The Boer War, After Two Years' Duration, Has Ended.

London, June 3.—Peace has been declared after nearly two years and eight months of a war which tried the British empire to its uttermost and wiped the Boers from the list of nations.

The war has come to an end with Lord Kitchener's announcement from Pretoria that he, Lord Milner and the Boer delegates had signed the "terms of surrender."

The announcement had been anticipated for several days and it was definitely forecasted in these dispatches, but its receipt Sunday afternoon took the notion by surprise, as everybody had confidently believed that the house of commons would hear the first news today. The edge of anticipation with which Great Britain awaited the promised statement in the house of commons from Bulwer, the government leader, was still further dulled by the following message from King Edward to his people which was issued after midnight:

"The king has received the welcome news of the cessation of hostilities in South Africa with infinite satisfaction, and his majesty trusts that peace may speedily be followed by restoration of prosperity in his new dominions and that the feelings necessarily engendered by war will give place to earnest co-operation on the part of his majesty's South African subjects in promoting the welfare of this common country."

How greatly King Edward's confidence that peace in South Africa would precede prior to his coronation had secured the present agreement will probably not be known until the private memoirs of the present regime are given to the public.

According to a dispatch to the Daily Express from Utrecht, Holland, Mr. Kruger was informed shortly after 9 o'clock last night that peace had been declared. He had been asleep.

"My God," he said, "is it possible?"

Mr. Kruger and his entourage, the dispatch continues, hope to be permitted to return to the Transvaal. This, however, is quite unlikely. The dispatches received here from

South Africa describe the rejoicing in all the principal towns there which followed the announcement of peace yesterday, and say that Monday has been proclaimed a general holiday.

In an editorial on the news from South Africa the Times points out that there can be no treaty, but merely, as Lord Kitchener names it, "a document containing terms of peace."

The Times is confident that the terms offered General Botha a year ago have been virtually maintained. The newspaper is equally certain that the interests of the loyal colonists, whether of Dutch or of British blood, have not been overlooked in the settlement.

The Times pays a tribute to the sagacity and conciliatory diplomacy of Lord Salisbury and Lord Lansdowne, the foreign secretary, which has built up an amicable understanding, it declares, with the United States, and which has done so much to sober the reflections of less friendly states.

The demand for accommodation in the house of commons this afternoon to hear the statement of the first lord of the treasury and government leader, A. J. Balfour, was unprecedented. Mr. Balfour arose and announced the terms of peace in South Africa as follows: "The Boer forces lay down their arms and hand over rifles, guns and munitions of war in their possession and under their control. All prisoners are to be released back to South Africa as soon as possible, without loss of liberty or property. No action is to be taken against prisoners except where they are guilty of breaches of the rules of war. Dutch is to be taught in the schools if desired by parents, and used in the courts if necessary. Rifles are allowed for protection. Military occupancy is to be withdrawn as soon as possible and self-government substituted. There is to be no tax on the Transvaal to pay the cost of the war. The sum of three million pounds sterling is to be provided for restoring Boer farms."

BITTEN BY A DOG.

MAN FROM DAWSON SECURED THE MAD STONE THIS MORNING.

A man named Alexander of Dawson Springs came to the city last night, and this morning took Captain Joe Fowler's mad stone to Dawson with him to apply it to a bad wound on the arm of a nephew at that place, who was yesterday bitten by a mad dog, or one supposed to be mad. He did not leave the name of the young man who was injured, and promised to send back the stone Thursday.

WASHINGTON WEDDING.

LIEUTENANT POOR AND MISS AUSTIN MARRIED TODAY.

Washington, D. C., June 3.—The attendance of many naval officers in full uniform gave added brightness to the wedding of Miss Mary Livingston Austin and Lieutenant Charles Longstreet Poor, U. S. N., which took place today at the Church of the Epiphany. The best man and ushers were all brother officers of the bridegroom, while the bride's only attendant was Miss Anita Poor, the sister of Lieutenant Poor. The ceremony at the church was followed by an elaborate wedding breakfast at Rancacher's.

THE SEWER REPORT.

The report of Sewer Inspector Ransom for the past month shows that there were thirteen plumbing and eight yard sewer permits issued during the month and that eight water and nine smoke tests were made.

NEARER HOME.

CAPT. E. R. DUTT SELLING WESTERN PROPERTY TO LOCATE HERE.

Captain E. R. Dutt, the king, has sold his big farm in Iowa and will purchase property in Kentucky and Illinois. Captain Dutt has been in this section of the country for several years, and now owns considerable property in Paducah, and today left for Joplin, and expects to purchase about 500 acres of land there. He will invest his money exclusively in Kentucky and Illinois lands.

WORSE THAN THOUGHT.

ILLINOIS CENTRAL MAN DISCOVERED HE WAS HURT TODAY.

Mr. Dan Bailey, an employee of the local Illinois Central shops, had a hard fall Saturday in the shop yards, and this morning reported the accident to the railroad physicians, who dressed the injuries. His shoulder was badly sprained, and his left side bruised. He did not think the fall was serious until this morning, when he was unable to return to work. He fell against a piece of iron tubing and struck his right shoulder and side.

PAINFULLY HURT

BY BICYCLIST. Mrs. John Slaughter was almost knocked down by a bicycle yesterday afternoon while getting off a Broadway car. She was getting out of the way of a buggy and did not see the bicyclist. She only sprained her hand in the accident, however.

CAPT. W. W. PHILLIPS

Sudden Summons of a Well Known Citizen of Paducah Yesterday.

He Was Found Dead Aboard the Dick Fowler—Victim of Heart Failure.

HAD PRESENTIMENT OF DEATH

Captain W. W. Phillips, the retired lumberman, and for forty years a resident of Paducah, was found dead in his stateroom, No. 21, aboard the Dick Fowler yesterday morning shortly before 7 o'clock.

Lee Stanfield, colored, one of the cabin boys, went to call the Captain, and received no response. An investigation revealed the fact that the man was dead. He had peacefully expired during the night, and no one knew he was even ill.

Captain Phillips boarded the boat at Mount City, Ill., Saturday night, and was apparently in his usual health. He retired early, and was not complaining.

Coroner Neal held an inquest, and the verdict of the jury was that the deceased died from old age and heart disease. Captain Phillips' fine watch was found in a telescope, in an envelope addressed to his grandson, the little son of Mr. Elmus Carter of the city, and his family infer from this that he had probably been feeling ill, and had a presentiment that he could not last much longer. Captain Phillips had not been feeling in the best of health for a week or more, but it was thought to be only a temporary indisposition.

The deceased was born near Rochester, N. Y., and enlisted in the Union army in Michigan. He served during the Civil War as captain on various gunboats, plying principally between Cairo and Nashville. Once he was shot in the shoulder, and swam the Tennessee river near Johnsonville and escaped, and another time was stabbed while an effort was being made to take him a prisoner. The bullet he will carry with him to the grave.

After the war he located in Paducah, and for many years was connected with the Langstaff mill. He retired a few years ago, sold his home near Fourth and Broad streets and went to Cairo two years ago to reside with his son, Mr. Howard Phillips. He came to Paducah to attend the carnival, and left on his return last week early, but started back Saturday night for another visit.

Captain Phillips went to Livingston county soon after the war and settled there as a farmer, remaining several years. He came to Paducah to work in the milling plant of Collier and McKnight and later worked in the Langstaff-Orme plant, as foreman, a position he held for twenty years.

He leaves five children, Mr. Sherman Phillips, Mrs. Elmas Carter, Mrs. Ed Yancy, of the city and Mrs. Bert Fisher, of Chicago and Howard Phillips, of Cairo. The funeral took place this afternoon at 3 o'clock from the residence of Mrs. Carter, 513 South Sixth street, Rev. W. E. Cave, of the Presbyterian church, of which the deceased was a member, officiating. The burial was at Oak Grove.

FOR VAGRANCY

POLICE ARE GOING TO RUN "DEAD ONES" OUT OF THE CITY.

The police have decided to drive all the vagrants from the city, both white and black. There are a number of worthless white bums as well as colored idlers about town who will be required to seek other fields or answer a charge of vagrancy.

The work will begin at once. All who are notified to leave or go to work and do not do so at once will be promptly warranted, and if the charge is sustained sentenced to thirty days on the streets.

The Wilford left this morning for Tennessee river for ties.

TWO WERE KILLED

Flagman Farrety and an Unknown Tramp Die in Wreck.

Engineer Ed Morgan of Paducah, Had a Close Call—Several Trainmen Hurt.

REAR-END SWASH UP AT RIVES

There was a fatal wreck at the water tank at Rives, Tenn., this morning at 1:30 o'clock, in which two men were killed and four seriously injured.

The second section of north bound freight train No. 153, engine No. 575, in charge of Engineer J. E. Morgan of Paducah, Fireman Tom Hudgings of Alair, Tenn., and Conductor Black of the city, ran into the rear of the first section of the same train, engine No. 550, in charge of Engineer Cole of Jackson, Tenn., and Conductor Hays of Memphis, and demolished the engine, tore up over a dozen cars and killed Flagman Farrety and Fireman Hudgings, Mitch Polk, colored, and an unknown colored tramp.

Engineer Morgan and Hudgings were brought to the city on the noon passenger, and say the cause of the accident was in the air failure of engine No. 575 on the second section. The pump had given out, according to Engineer Morgan's statement, and he could not stop the train.

Fireman Hudgings was putting in coal at the time of the accident, and was thrown out several yards from the engine. He did not know how he got hurt, but is suffering from a badly crushed left ankle, and also several bruises about the body. Engineer Morgan's head is out in several places and his right thigh badly bruised, besides being internally injured.

Mitch Polk, the colored head brakeman of the second section, badly bruised his right arm, shoulder and back, and his condition is serious. He was not brought in on the noon train. The engine plowed its way into the cabooses and when the smoke had all cleared away was lying under four cars which had been thrown on top of it. The body of Farrety was found badly mangled in the debris of the cabooses and the body of the unknown colored tramp was found not far away. The body of the tramp was found first and it was at first supposed that he was the only one killed and Farrety was reported missing and a search instituted. The wrecker was at Melrose working on a small wreck at the time and had but little distance to go when ordered to Rives. The wreckage was cleared away in a comparatively short time, and little delay was occasioned by the accident. The engine is badly demolished and few of the cars left in good condition.

This is one of the most serious wrecks the company has had in some time. It was Farrety's first trip out as a flagman and he was not known in Paducah. Morgan's injuries are severe, and he could hardly talk when brought in, while Hudgings, who was reported to be internally injured also, was apparently not badly hurt and was talking freely to his friends. Mr. Morgan was taken to his home on Ohio street and Hudgings to the I. C. hospital.

It is not thought that any of the injuries will prove fatal, although Engineer Morgan's condition is serious and it cannot be determined how badly he is injured internally.

UNION MILITANT BOOMING.

There was a big meeting of the Union Militant last night at the hall and a large class of applicants was initiated. There are now over 100 members here and the order is flourishing.
